Dear Bruce,

We were very pleased with the services you provided to us over the previous 16 months.

From the beginning when you guided us on how to deal with our landlord, listed our space on the sublease market and then relocated us with a lease amending agreement it would be fair to say that you looked out for our needs and developed the best strategy for us to take. Your counsel allowed us to concentrate on managing our rapidly growing business, and minimized the distraction of our real estate transactions.

We were certainly pleased with the outcome. Again, thank you for the services you provided. We are pleased to provide any of your prospective clients with a reference.

Yours very truly,

Mr. John Visser  
SVP, Business Development
